Everything listed as out has some or all components where you need to be outside with your scouts. Everything listed as indoors can be worked outside as well but might need tables or not work well if it's windy outside. A lot of Adventure have some homework component to them. If you read far enough ahead you can assign this work to be done before the completion of the den work. Remember, scouts should be outside whenever possible. Don't forget to check with your local nature centers, museums, parks etc. for educational programs that can help you complete Adventures by combining the outing and the work at the same time.

When should I schedule my ADVENTURES?

Arrow of Light is more intensive than you've worked before. You will want to PLAN this year very closely DO NOT WAIT UNTIL THE LAST MINUTE! Many Adventures have scout homework. If you PLAN far enough ahead, you can assign this work to be done before the completion of the den work if appropriate. Don't forget to check with your local nature centers, museums, parks etc. for educational programs that can help you complete Adventures.
